

White Paper: RELEVANT DETAILS TO MAKE YOUR OWN CALCULATION

Starting points:

- The escalator is normally polluted so deep cleaning is not necessary.
- The (average) length is 50 – 55 visible steps

Escalator location / number :

Condition of the escalator(s) :

Length of the escalator : steps

Needed Tread-TEQ™ Pad : 60 cm Tread-TEQ Pad
 80 cm Tread-TEQ Pad
 100 cm Tread-TEQ Pad

Price per Tread-TEQ Pad :

How many times the Tread-TEQ Pad will be reused : times

Price Tread-TEQ Pad per cleaning :

Needed Clean-TEQ™ dilution : 60 cm – 500 ml Clean-TEQ dilution
 80 cm – 600 ml Clean-TEQ dilution
 100 cm – 700 ml Clean-TEQ dilution

Price per Clean-TEQ per cleaning :

Cleaning frequency : per year

Remark about Cleaning Frequency:

*Take a critical look at the use of the escalators. Perhaps you come to the conclusion it is not necessary to clean all escalators weekly, so you can decide to decrease the frequency (of some). Also think of the seasons like fewer cleanings in the summer. This all makes the maintenance even more economical.
 We recommend a minimum frequency of one cleaning per month.*

Labor costs per cleaning (preparation-escalator cleaning-tidying up) :

Amount for one time purchases like Tread-TEQ Head Unit :
